

# Publishing Options

**These are the available publishing options.**

If the journal accepts your article, you can change your mind about these options.

Note: editors and reviewers can only see your selection after acceptance.

[Germanium monolayer doping: success and challenges for the next generation Ge devices](#)

## Gold Open Access

**Publish as an Open Access article**

Make my final published article available to everyone upon acceptance.

As a corresponding author affiliated with the **University of Padua**, I have the opportunity to publish open access.

As there is an [the agreement in place between CRUI and Elsevier](#) to cover the APC (Article Publishing Charge), I do not have to pay an APC if:

- My institute approves using the agreement funds to pay the APC
- The journal accepts my article by 31st December [2025]

The [the agreement between CRUI and Elsevier](#) is valid from 1st January – 31st December.

### To pay on acceptance

Only applicable if article accepted

	Price
Article Publishing Charge (APC)	<b>2.760,00 EUR</b>
Institutional Agreement Discount	<b>-2.760,00</b>
